Future is an attitude

At Audi, we believe that progress is the only way forward. Where some people might see just cars, we see the future of mobility. And that's why we make cars with a vision of constant progression. Progress that is beyond measure. At Audi, future is an attitude.

The Audi Q7

A sporty exterior, new infotainment and driver assist technologies and plenty of space to do more – that's what the Audi Q7 encompasses. This seven seater is a versatile, top-class SUV for the whole family. It offers one compelling driving experience, thanks to quattro all-wheel drive and intelligent air suspension solutions. It's everything one could want and a whole lot more.

Image for representation purpose only.

Performance

Driving towards perfection

The Audi Q7 knows how to impress in more ways than one; its athletic exterior is only complemented by a dynamic driving experience. With a powerful 3.0 L, 48 V Mild Hybrid TFSI engine that has a maximum speed of 250 kmph and a system output of 340 hp, the Audi Q7 provides a dynamic driving performance, while the quattro all-wheel drive ensures sporty handling. What's more, the car is as comfortable to drive in the city as it is on a quiet trip along the highway, off-roading, or anywhere in between, thanks to 7 different drive modes on the Audi Drive Select.

Audi Drive Select with 7 drive modes
Choose the most comfortable driving experience for your Audi Q7 from 7 distinct drive modes with the Audi Drive Select. From a standard, automatic drive to a relaxed, comfortable drive, dynamic, efficient or off-road, there's no shortage of experiences to choose from.

Adaptive Air Suspension
With Adaptive Air Suspension technology, riding along any road becomes an easy task. This system provides electronically controlled air suspension with variable damping on all 4-wheels, adjusting the ground clearance as the situation dictates.

quattro All-Wheel Drive
A standard feature of the Audi Q7, the quattro All-Wheel Drive with self-locking differential redirects power to each individual wheel as required. The mechanical locking function is configured with outstanding driving dynamics and distributes the drive torque to the front and rear axles, instantly. The result- outstanding traction, directional stability and a ride unlike any other.

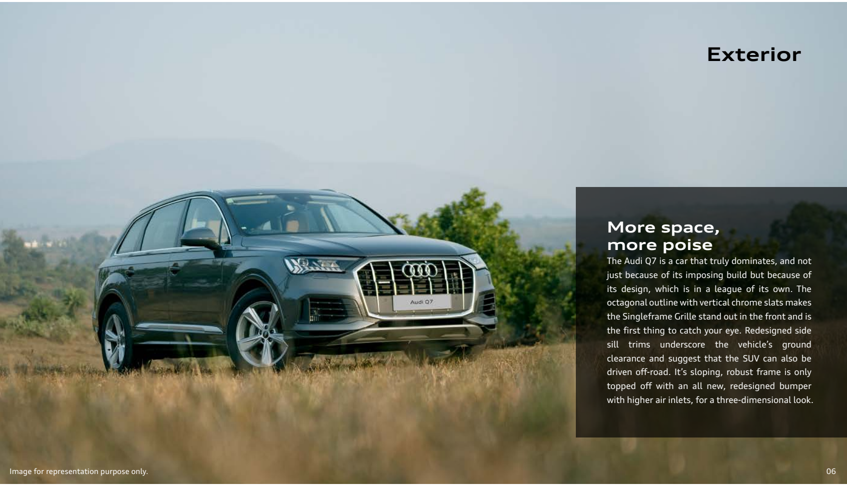
Exterior



More space, more poise

The Audi Q7 is a car that truly dominates, and not just because of its imposing build but because of its design, which is in a league of its own. The octagonal outline with vertical chrome slats makes the Singleframe Grille stand out in the front and is the first thing to catch your eye. Redesigned side sill trims underscore the vehicle's ground clearance and suggest that the SUV can also be driven off-road. It's sloping, robust frame is only topped off with an all new, redesigned bumper with higher air inlets, for a three-dimensional look.

Exterior features

Matrix LED Headlamps
Matrix LED Headlights are characterized by highly adaptive light distribution and an attractive design with a high recognition value. This technology enables precise and high-resolution illumination of the road. Glaring effects on oncoming or preceding vehicles can be significantly reduced.

LED rear combination lamps
Another must-have for your car, the LED rear combination lamps are known for their fast activation, improving visibility for those in the rear.

R-19 5-arm Star style Alloy Wheels
Catch eyes wherever you drive with the 48.26 cm (R-19) 5-arm Star style Alloy Wheels doing the talking for you.

Panoramic Glass Sunroof
The electronically operated two-part Panoramic Glass Sunroof gives you and your co-passengers the perfect glimpse of the beautiful sky above, making every drive memorable.

High Gloss Styling Package
The High Gloss Styling Package with full paint finish is the perfect way to combine your personal aesthetic with the Audi Q7.

Interior

Room for more

The interiors of the Audi Q7 exudes luxury, comfort and elegance. All 3 rows of seats have been decked with cricket leather, accentuating the exclusive appeal of the interiors. The warm hues of the contour ambient lighting highlights all the best features of the car, while the 4-zone air conditioner keeps things cool. The Air Ionizer and Aromatization* work their magic to make the Audi Q7 a car you wouldn't want to step out of.

Air Ionizer and Aromatization*

Cricket leather upholstery

8 Airbags

Electrically folding

With the Air Ionizer and Aromatization, the air inside your Audi Q7 is sure to smell fresher than a meadow. While the ionizer improves the air quality inside the car, the fragrance provides for a subtle, pleasant smell by adding slight amounts of an olfactory agent to the air flow from the air conditioning system.

The cricket leather upholstery inside the Audi Q7 exudes luxury and exclusivity, making all seats premium and comfortable.

The Audi Q7 goes all out in everything that it does and that includes keeping you and your loved ones safe. 8 airbags have been placed in the front and sides of the car to keep all passengers safe, no matter what.

third row seats

Make the spacious Audi Q7 even more spacious in the rear, thanks to the electrically folding third row seats for added space.

*All features marked (*) are only available in the Technology Variant. Image for representation purpose only.

4-Zone Air Conditioner

The 4-Zone Air Conditioning enables each occupant to regulate the climate control independently. The required temperature and air distribution can be controlled separately for each seat. The system is operated on the intuitive display with touch response or via the rear air-conditioning controls with touch operation.

Contour Ambient Lighting

Choose the right shade to light up the interiors of your Audi Q7 with the contour ambient lighting system. Select from upto 30 colour options that highlight the best parts of the spacious interiors.

Front power seats with driver side memory function

The electrically adjustable power seats in the front are well-suited to aid the needs of the driver and are completely flexible, with a wide range of customization options available. What's more, the driver's seat comes with a memory function - 2 presets for the electrically adjustable front seats and exterior mirrors, which can be stored and activated via the memory button in the door trim.

Audi Smartphone Interface
The Audi Smartphone Interface grants you control of your smartphone inside your Audi Q7. This enables you to use selected apps from your mobile device directly on the vehicle's MMI touch response display. The integrated user interface provides a familiar graphic display and menu structure.

Audi Virtual Cockpit Plus
Innovative, adaptive and intuitive - Audi Virtual Cockpit Plus is an innovative, fully digital instrument cluster that flexibly displays relevant information on demand. The 31.24 cm display offers full HD quality. In addition to the “classic” design for the instrument display, you can choose the “dynamic” and “sport” display options. The display can be tailored to the driver’s requirements to show engine speed, maps, radio and media information and plenty more.

B&O premium sound system*
The Bang & Olufsen premium sound system with 3D sound is a must-have audio equipment for your Audi Q7. With 19 speakers and a remarkable 730 W output, coupled with 3D sound technology, your luxuriously spacious Audi Q7 is sure to feel no less than a concert hall.

Dual screen MMI navigation plus with MMI touch response
Navigate, communicate, obtain information or just enjoy the wide range of infotainment options using the dual screen MMI navigation plus with MMI touch response. This intuitive touch-based system provides haptic feedback and a host of functions, ranging from navigation on a 3D Map to other control functions. It can be operated via the touch display, voice control with natural language interaction and enhanced character recognition for an equally sensational experience.

2 USB ports with charging function in rear
Charge your smartphone or other devices on-the-go, using either of the 2 USB ports with charging function in the rear.

Cruise Control system with speed limiter

The cruise control system helps you keep your driving style steady and stay within the speed limit, thanks to an adjustable speed limiter, while also using the information stored in the navigation data in conjunction with the optional MMI navigation plus.

Park Assist Plus with 360 degree camera*

Take the hassle out of parking your car, by choosing the park assist plus with 360 degree camera. Ultra modern systems available for parking and maneuvering, which shows immediate surroundings on the MMI display and provide different perspectives. The park assist system maneuvers the SUV in and out of cross and in-line parking spaces.

Lane Departure Warning

This feature helps the driver stay in their chosen lane by warning them with steering pulses whenever the lane marking is inadvertently crossed.
