Performance

Power. Up.

The new Audi A4 offers powerful efficiency. A wide range of engines with 4 or 6 cylinders and outputs from 110 to 272 hp. Not even a maximum power of 190 hp, it takes only 7.3 seconds to go from 0 to 100 km/h and has a top speed of 241 km/h. A 190 hp engine that is also extremely efficient in combination with increased comfort. It is performance done right.

Performance

Features

- **Audi Drive Select**
The Audi Drive Select gives you the experience of 5 different driving modes: comfort, auto, dynamic, efficiency and individual. Dynamic steering, Efficiency Mode, Auto Mode or Individual Mode and enjoy your drive time.
- **Audi start-stop system**
The Audi start-stop system switches the engine off automatically when it stands still and restarts it when you want to drive on. Audi A4 makes it easier to maneuver and to save fuel. Because it switches off the engine when you don't need it. Which reduces fuel consumption and increases range. And which does not mean less driving fun.
- **Audi Hybrid System**
The 1.4 TFSI Hybrid System minimizes fuel consumption while maximizing comfort. The system helps in delivering over 40 km/h of electric driving range. Also, it helps in reducing CO2 emissions to 39 g/km. Which means you can drive in the city without any emissions.

All features shown in the above picture are optional. Image for representative purpose only. 09

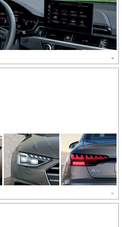

Exterior

The Future looks magnificent.

Audi A4 is a masterpiece of modern design. At the very front, the redesigned sporty Audi single frame. The new, progressive shoulder line running under the sides. In the rear, the powerful rear apron. Its design is refined and extremely dynamic.

Exterior

Features

- **LED Headlamps with redesigned signature DRLs**
The LED headlamps with redesigned signature DRLs are standard. They also provide the visual DNA of the vehicle ensuring the matchless look of the Audi A4.
- **Comfort Power Boot Lid Opening System***
Lift the trailer hinge that lies low to the left in the rear boot. Use the comfort power boot lid opening system and it helps you open the boot of your car with a flick of your foot.

All features shown in the above picture are optional. Image for representative purpose only. 13

Interior

Craft meets comfort.

The interior of the Audi A4 is luxurious and comfortable. It combines modern technology with high-quality materials. The highly refined look and feel of the interior adds to the style quotient of Audi A4. And the ergonomically designed seats and leather upholstery give you the assurance of quality, refinement and comfort.

Interior

Features

- **3 Zone Air Conditioning***
Audi A4's 3 Zone Air Conditioning comes with sun protection and humidity sensor. It ensures that the temperature you prefer stays constant.
- **Comfort Key***
The Audi Comfort Key gives you convenience right at the tip of your finger. Unlock the car by simply touching the sensor on the door handle. Start the engine by pressing the start/stop button.
- **Contour Ambient Lighting with 30 colours***
Now you can choose your own colour between 6 ambient lighting settings.

Technology

Intelligence to do more.

Smart, intuitive and highly promising. The Audi A4 is technologically ahead of its time. Audi's new infotainment system, the Next Hidden Talent, allows you to personalize your driving experience. Thanks to the Audi Smartphone Interface bridging the gap between your phone and your car.

Technology

Features

- **Audi Virtual Cockpit Plus***
The Audi Virtual Cockpit Plus is a fully customized digital cluster with an area of 31.24 cm (12.3") for all displays. Information displays are in high resolution and can be configured individually. The Audi Virtual Cockpit Plus also allows you to manage numerous different displays, such as the Dynamic, Infotainment and Classic displays.
- **Audi Smartphone Interface**
The Audi Smartphone Interface is a clever amalgamation between your smartphone and your car. It helps you to make the most of your mobile device in the car. Which is why it supports apps on the MMI touch display. Or Apple CarPlay.
- **Bang & Olufsen premium sound system with 3D sound***
The Bang & Olufsen premium sound system with 3D sound is a high-end audio system that delivers an immersive sound experience. It has 19 speakers and 755 watts of power. The system also has a subwoofer in the trunk and a total of 730 watts. The cooler, an internal soundchannel activates 3D sound and creates a surround sound effect that makes everything in the car sound more dynamic.
- **Audi connect emergency call and MMS assist***
The Audi SOS Key MMS system helps you connect to the Audi SOS of emergency call service. Which is why it is the first vehicle to have the emergency call system activate at the touch of a button. Also, it helps you send MMS messages to the Audi SOS service. Which means you can send Touch-in coordinates, satellites.
