JAGUAR

THE ART OF PERFORMANCE

Every day we push performance to its limit. Our performance. Our cars' performance.
We innovate, we engineer, we design. We master rules and then break them.
Only to push further. Past the limits of convention. This is when performance becomes art.

Jaguar. The Art of Performance.

INTRODUCTION

THE CONCEPT OF F-PACE

F-PACE is inspired by the acclaimed C-X17 concept vehicle. It takes the pure Jaguar DNA of legendary performance, handling and luxury. Then it adds space and practicality.

The F-PACE range features the 2.0 I 4-cylinder 184 kW Turbocharged Ingenium Petrol engine and the 2.0 I 4-cylinder 132 kW Turbocharged Ingenium Diesel engine. With advanced technology and all-aluminium construction, they are both optimised for a mix of economy and performance.

F-PACE is a performance SUV that combines maximum driving exhilaration with efficiency. All enhanced by technologies that keep you safer, connected and entertained. F-PACE has the capability for every road and the capacity for every day. It is a continuation of Jaguar's bloodline of beautiful, thrilling cars which always excite the senses. F-PACE is a Jaguar for you, a Jaguar for your family.

All figures are manufacturer's targets and subject to final confirmation ahead of production. Note that CO₂ and fuel economy figures can vary according to wheel fitment, and the lowest figures may not be achievable with the standard wheels.

VEHICLE SHOWN: F-PACE S IN CAESIUM BLUE WITH OPTIONAL FEATURES FITTED

F-PACE - THE FACTS

Performance, handling and refinement. Practicality, capability and efficiency.

EFFICIENCY

Every F-PACE is designed and engineered for maximum efficiency. Low-friction technologies, a lightweight body structure and streamlined aerodynamics all contribute to enhanced fuel economy.

PRACTICALITY

F-PACE's rear knee and leg room is among the best-in-class and it has 40:20:40 seating configuration for greater flexibility. Loadspace is class-leading at 508 l*, with carefully considered dimensions designed to maximise its usability.

CAPABILITY

F-PACE matches your practical driving needs and the demands of your lifestyle by offering All Wheel Drive (AWD) for performance across an even wider range of conditions. Capabilities can be further enhanced by All Surface Progress Control (ASPC), a low-speed cruise control that helps F-PACE to cope with low traction situations.

*With 48.26 cm (19) space saver spare wheel.

Some features described here are optional and market dependent.

VEHICLE SHOWN: F-PACE PORTFOLIO IN YULONG WHITE WITH OPTIONAL FEATURES FITTED

PERFORMANCE

Discover exhilarating driving experiences across the entire F-PACE range. Our highly efficient performance engines offer a balance between economy and power.

REFINEMENT

Our cars have an unrivalled reputation for comfort and a smooth, quiet ride. Thanks to its stiff body structure, advanced suspension and aerodynamic design, F-PACE showcases Jaguar's supreme refinement.

HANDLING

F-PACE's advanced chassis and suspension system is an evolution of the configuration used on our F-TYPE sports car. This robust system is lightweight to ensure F-PACE delivers true sports handling. Jaguar's Electronic Power Assisted Steering (EPAS) software is specially tuned for optimum feedback and control, while the All Wheel Drive (AWD) system uses the F-TYPE-derived, unique Intelligent Driveline Dynamics (IDD) software for an agile feel and to minimise understeer. F-PACE always drives, feels and handles like a Jaguar.

DESIGN EXTERIOR PRINCIPLES

 F-TYPE INSPIRED STYLING | PURITY OF FORM

Visually inspired by F-TYPE, the Jaguar F-PACE is a performance SUV that has the DNA of a sports car. Its powerful, agile looks make it utterly distinctive and give it a head-turning road presence. From the bonnet bulge to the pronounced rear haunches, F-PACE reinvents the energy, strength and purity of form of F-TYPE.

VEHICLE SHOWN: F-PACE R-SPORT IN FIRENZE RED WITH OPTIONAL FEATURES FITTED

EXTERIOR DETAIL

ADAPTIVE LED HEADLIGHTS

Even at night, F-PACE is instantly recognisable thanks to its Adaptive LED headlights featuring Jaguar's signature 'J' Blade Daytime Running Lights (DRL). Adding to F-PACE's commanding on-road presence, adaptive LED headlights produce a colour of light that is close to daylight, helping your eyes to distinguish objects more easily. At the rear, full LED tail lights echo F-TYPE's distinctive design.

VEHICLE SHOWN: F-PACE S IN CAESIUM BLUE WITH OPTIONAL FEATURES FITTED

INTERIOR CHOICE

SPORTS COMMAND DRIVING POSITION

EXTENSIVE PERSONAL CHOICE

F-PACE's interior blends sportiness and elegance to create the latest in contemporary design. Our range of premium materials, handpicked leathers and sophisticated finishes gives F-PACE one of the most comprehensive interior choices in its class*. This is your perfect opportunity to create a space that reflects your individual style.

Take personalisation to the next level with Configurable Ambient Interior Lighting. The system highlights the finest interior design details with soft pools of light in a choice of ten different colours. F-PACE can create an ambience to match your mood. F-PACE's modern interior design means essential controls are intuitive to use and always close at hand. A high centre console and the Sports Command Driving Position help the driver feel connected and secure. Slender roof pillars and a large windscreen mean all-round visibility is excellent.

The Cabin Air Ionisation with Nanoe™ technology improves the air quality within the vehicle cabin, and reduces allergens, viruses, airborne bacteria and associated odours. It does so by ionising particles in the air, making them attract to surfaces and thus helping to cleanse the air.

*Compared to segment competitors.

VEHICLE SHOWN THIS PAGE: F-PACE PORTFOLIO FEATURING SIENA TAN PERFORATED WINDSOR LEATHER SEATS WITH SIENA TAN TONAL STITCH. OPTIONAL FEATURES FITTED

Our standard panoramic glass roof floods your F-PACE's interior with light and enhances the airy, spacious feeling. The sliding panoramic roof allows fresh air into the cabin whenever you want it. For greater privacy and to reduce excessive heating under intense sunlight, every panoramic roof is fitted with an electric blind as standard.

In the back, there's space for three adults to sit comfortably side by side. Rear leg and knee room are 944 mm and 65 mm respectively. Throughout the car you'll find neatly placed, versatile storage. There are useful pockets for smartphones and other small items either side of the centre console, as well as below the Touchscreen.

40:20:40

PRACTICALITY

CLASS-LEADING BOOT SPACE

VERSATILE SEATING

F-PACE has a boot capacity of a class-leading 508 l^{1,2}, substantially greater than its nearest competitor. The space is made even more versatile by the rear seats' 40:20:40 configuration. They can be folded completely, or folded individually, in a variety of combinations, to accommodate both passengers and awkward items such as skis.

The parcel shelf, so often a difficult object to store, can be stowed under the loadspace floor. The loadspace floor is reversible and can be switched, in an instant, from luxury carpet to an easy-clean, rubberised surface – perfect for damp or muddy equipment. Transferring items into and out of F-PACE is made easier by the low loading height and wide boot opening.

¹With 48.26 cm (19) space saver spare wheel.

²Below the parcel shelf.

Please consult your local Jaguar Retailer for further details.

PERFORMANCE ENGINES

RESPONSIVE ENGINES

EFFICIENCY AND PERFORMANCE

Ingenium technology underpins the diesel engine in the F-PACE range. This low friction, all-aluminium engine has stiff cylinder blocks and twin balancer shafts to ensure inherently low levels of vibration, for smooth day-to-day performance. The engine is equipped with Stop/Start technology and smart regenerative charging - harvesting kinetic energy from braking to charge the battery - for maximum economy, especially during urban driving. For information please refer to page 58.

INGENIUM DIESEL ENGINE FROM

0-100 km/h in as little as 9.0 s

The **Ingenium 2.0 I 4-cylinder 132 kW Turbocharged Diesel** offers performance and economy. For an engine of this size it offers high levels of torque, but not at the expense of efficiency - a balance achieved thanks to its variable geometry turbocharger. Adapting to the changing flow of exhaust gases, it maximises low-speed torque for broad power and responsiveness that is uniform, progressive and avoids lag.

F-PACE offers a petrol engine - this is from our Ingenium range. With its lightweight, all-aluminium design, and widespread use of low-friction roller bearings, this Ingenium Petrol engine is built for smooth, highly efficient performance. This engine is equipped with Stop/Start technology and smart regenerative charging - harvesting kinetic energy from braking to charge the battery - for maximum economy, especially during urban driving.

INGENIUM PETROL ENGINE UP TO

0-100 km/h in as little as 7.0 s

The **Ingenium 2.0 I 4-cylinder 184 kW Turbocharged Petrol engine** delivers outstanding usable power and torque. For excellent acceleration and effortless overtaking, maximum torque is available at 1 500 r/min. This engine's twin-scroll turbocharger is fed by an integrated exhaust manifold that synchronises exhaust pulses from two separate pairs of cylinders - significantly reducing turbo lag and improving engine response.

AUTOMATIC TRANSMISSION

8-SPEED AUTOMATIC TRANSMISSION

F-PACE's automatic transmission is highly responsive, smooth and efficient. Developed specifically for the demands of a performance SUV, it delivers rapid shifting for effortless acceleration and overtaking. This intelligent, adaptive system subtly changes the way the throttle delivers power, as well as gearshift patterns, to suit your particular driving circumstances. The unique JaguarDrive Control system offers even quicker shifts and sportier kick-down in Dynamic Mode, and earlier up-shifts in Eco Mode to improve efficiency while the Rain, Ice, Snow Mode enhances the vehicle stability in low-grip conditions by allowing for more gentle progress. The driver can also opt to manually control gearshifts via the steering wheel paddles at the touch of a finger.

ADVANCED AERODYNAMICS

 **LOW DRAG** | **INCREASED STABILITY**

F-PACE's aerodynamic performance is a key function of its body design and supports an impressive drag coefficient from Cd 0.34. The result is that F-PACE really is as sleek as it looks. Highly advanced aerodynamics reduce fuel consumption, CO₂ emissions and wind noise while adding to high-speed stability and driver confidence. F-PACE's innovative, lightweight underbody design is as important as the body you can see. The smooth underbody surfaces manage airflow to optimise cooling of the engine and brakes as well as helping to minimise drag, reduce turbulence and increase efficiency. As air reaches the back of F-PACE, the car's sharply angled rear corners and integrated spoiler limit pressure differences forming in the wake of the car for improved fuel economy.

VEHICLE SHOWN: F-PACE PORTFOLIO IN YULONG WHITE WITH OPTIONAL FEATURES FITTED

LIGHTWEIGHT ALUMINIUM ARCHITECTURE

 **STRONG** | **RIGID** | **80% ALUMINIUM¹**

Jaguar has been at the forefront of aluminium car construction for more than a decade. Our latest innovation is the Lightweight Aluminium Architecture that provides the foundations for F-PACE. We use aluminium where possible because it creates a stiff, strong and, most importantly, lighter architecture. The architecture's incredible strength offers excellent protection to all occupants, while its reduced weight enhances handling and braking. Aluminium has also been used to form the body sides, bonnet and front wings of F-PACE.

The use of aluminium enables F-PACE to be amongst the lightest cars in its class² - boosting efficiency from the outset. The reduced weight of F-PACE's structure is distributed with a near perfect 50:50 balance² for a sporting performance and an impeccable ride.

¹Aluminium content based on volume for body structure excluding doors, bonnet and tailgate.

²Model and engine dependent.

ALUMINIUM FRONT KNUCKLE

Designed to optimise stiffness and strength, the lightweight aluminium front knuckle helps improve F-PACE's agility, responsiveness and refinement for sports car-inspired control.

CHASSIS AND SUSPENSION

**SUPERB RIDE
AND HANDLING**

**UNIQUE SUSPENSION
TECHNOLOGY**

Underpinning F-PACE is an evolution of F-TYPE's chassis and suspension system – it offers a unique balance between agility and ride comfort. This ensures that F-PACE feels like a true Jaguar and is a pleasure to drive or be driven in. In combination with this suspension, F-PACE's stiff body structure and the use of lightweight acoustic damping materials create supreme refinement.

INTEGRAL LINK REAR SUSPENSION

Integral Link suspension allows F-PACE to realise a perfect combination of a refined, luxurious ride and sharp, responsive handling. The system separates and independently manages the lateral, longitudinal and vertical forces acting on the suspension for enhanced control and comfort. Many components are forged or hollow-cast in aluminium – the optimum production techniques for strong, lightweight suspension.

ALUMINIUM DOUBLE FRONT WISHBONE SUSPENSION

Considered by Jaguar as the best configuration for a front suspension system, the aluminium double wishbone design is modelled closely on F-TYPE's for precise handling and control.

SUSPENSION

We create unique algorithms to represent the strains and stress equivalent to 250 000 km or ten years of driving on our state-of-the-art rig.

COLD CLIMATE

-40°C in our cold climate chamber ensures that when F-PACE is hard at work outside in freezing conditions, everything on the inside is working for your total comfort.

HOT TESTING

In the hot room temperatures can soar up to 55°C. We can recreate wind speeds of up to 240 km/h and road speeds as high as 250 km/h. There's nowhere you can take F-PACE that it hasn't been already.

TESTED TO THE EXTREME

 -40°C TO 55°C | FROM THE ARCTIC TO DUBAI

From the Arctic Circle and the mountains of China to the sands of Dubai and coast to coast in North America, F-PACE has seen almost everything the world's roads can throw at it. Then we brought F-PACE home to our UK testing facilities and things got really tough.

MONSOON TESTING

The monsoon chamber drenches F-PACE at every stage of the development process. We test for water management and dispersal along its body and over its windows. And we make sure that F-PACE stays dry inside as well as corrosion-free.

SEMI-ANECHOIC CHAMBER

Our 'neutral sound' room is where we make sure F-PACE sounds like a true Jaguar with its distinctive exhaust note.

FINAL INSPECTION

At the end of the production line every car is scrutinised by one of the most complex instruments in the world – the human eye. F-PACE undergoes an exhaustive visual inspection by expert quality inspectors.

DRIVING TECHNOLOGY

ADVANCED DRIVING DYNAMICS

MAXIMISING AGILITY

CONTINUOUSLY ADAPTING

Dynamic Mode revises the car's software to further enhance F-PACE's sporting character. It sharpens the throttle response, increases steering weighting and performs gearshifts more quickly and at higher engine speeds. It also brings visual drama to the driver as the instrument cluster takes on a red glow. Dynamic Mode enhances your connection with F-PACE's inherent Jaguar performance.

ELECTRIC POWER ASSISTED STEERING

Electric Power Assisted Steering (EPAS) offers outstanding feedback and control, and it is active on demand - saving power for where you really need it, as well as saving fuel. EPAS' sophisticated computer management varies steering assistance as appropriate - increasing assistance for low-speed manoeuvring and improving feel at higher speeds.

ADDED DRIVER CONFIDENCE

ALL SURFACE PROGRESS CONTROL

Unique in this class of car, Jaguar's All Surface Progress Control (ASPC) technology is a low-speed cruise control that helps F-PACE to cope with low-traction situations. ASPC allows the driver to concentrate on steering the vehicle. Once activated, you use the cruise control buttons to set a 'target' speed of between 3.6 km/h and 30 km/h. The system then works to achieve and maintain that speed while exerting optimum traction control.

ASPC is standard on all engines and gives F-PACE drivers added confidence over slippery, loose or icy surfaces, undulating terrain and even while descending a difficult incline. It helps make F-PACE easy to drive in challenging conditions. ASPC also has a pull-away function, allowing F-PACE to progress from rest on low-grip surfaces and ascending gradients, as well as a hill descent function that controls vehicle speed on steeper inclines.

GRAVEL

WET GRASS

SNOW/ICE

WET ROAD

DRY ROAD CONDITIONS

In normal conditions, torque is distributed to the rear wheels, delivering acclaimed Jaguar agility and handling.

LOW-TRACTION CONDITIONS

On slippery surfaces, such as grass and snow, torque can be balanced between the front and rear wheels to maximise traction.

In extreme conditions where only the front wheels have traction, up to 100 percent of engine torque can be distributed to the front wheels for optimum grip.

ADVANCED DRIVETRAIN TECHNOLOGY

ALL WHEEL DRIVE

INTELLIGENT DRIVELINE DYNAMICS

F-PACE's All Wheel Drive (AWD) system combines the agility and character of Rear Wheel Drive (RWD) with the increased security and traction provided by AWD. In normal driving, F-PACE is predominantly RWD to deliver handling purity, feel and balance. But when roads become more challenging, or when you accelerate more keenly on low-grip surfaces, the system subtly channels power forwards enabling F-PACE to maintain optimum traction for comfortable progress in all conditions.

F-PACE's AWD uses a transfer case at the back of the 8-speed Automatic Transmission to manage the appropriate distribution of torque to the front and rear wheels. Engineered to ensure that F-PACE retains the dynamic behaviour of a Jaguar, the transfer case contains an electro-mechanically activated multi-plate clutch with an actuator to build hydraulic pressure. This pressure is quickly and accurately controlled to generate the required force in the clutch to transfer the optimal amount of torque to the front wheels.

Unlike other systems that react to wheel slip, Jaguar's Intelligent Driveline Dynamics (IDD) software is predictive and uses sensors measuring throttle and steering inputs to anticipate wheel slip. IDD seamlessly co-ordinates these inputs and compares them with responses from the engine, transmission and traction control systems to calculate the traction available and distribute torque accordingly even before grip is lost. From a standstill F-PACE can transition from RWD to AWD in as little as 165 milliseconds or just 100 milliseconds when the car is moving.

The result is a drive which blends the character of RWD with the capability of AWD, providing outstanding levels of performance and control whatever the road throws at you.

TORQUE VECTORING

MAXIMISED CORNERING CAPABILITY

F-PACE's Torque Vectoring by Braking (TVBB) maximises capability through even the tightest corners. Torque Vectoring technology provides controlled independent braking on the individual inside front and rear wheels to add to the turning forces acting on the car. In most conditions more braking pressure is applied to the rear inside wheel as this supports the most increased cornering capability, while the front inside wheel is braked for greater effectiveness and refinement. The result is reduced understeer for sharper turning and more consistent road holding. Torque Vectoring delivers increased sports car-like agility and added driver confidence.

STABILITY AND CONTROL

**DYNAMIC STABILITY
CONTROL**

**ENGINE DRAG
TORQUE CONTROL**

Jaguar's stability systems keep F-PACE safely balanced whether you're driving enthusiastically or simply want the assurance of a car that will remain stable in challenging conditions.

Dynamic Stability Control (DSC) monitors F-PACE's dynamic behaviour, intervening to maximise vehicle stability and optimising available grip. DSC reduces engine torque and applies braking to the appropriate wheels to correct the car's direction of travel by counteracting understeer or oversteer. F-PACE's DSC system has enhanced understeer control to reduce speed and regain control more effectively.

Engine Drag Torque Control (EDC) mitigates the chance of wheel lock-up caused by strong engine braking in slippery conditions. It acts by briefly increasing torque to the wheels as appropriate.

VEHICLE SHOWN: F-PACE R-SPORT IN FIRENZE RED WITH OPTIONAL FEATURES FITTED

ACTIVITY KEY

ROBUST

WATERPROOF

SECURE

Activity Key makes living life to the full even easier. For extra convenience, you can wear the Activity Key if you prefer not to carry a key fob. The wristband is robust and fully waterproof. It allows you to enjoy a range of activities - from skydiving to swimming - and keep your car key with you. You can use the Activity Key to lock and unlock your car. When exiting the car, you can leave the conventional key fob in the car and present the Activity Key to the tailgate to lock it. The conventional key fob is then automatically deactivated for security.

TECHNOLOGY INFOTAINMENT

Delivering a wealth of information and entertainment, every F-PACE is equipped with our InControl infotainment system, Touch Pro. It features intuitive and advanced integrated technologies to ensure everyone can make the most of their journey.

25.4 cm (10) TOUCH PRO

The standard 25.4 cm (10) Touchscreen at the heart of the centre console supports swipe and pinch-to-zoom gestures and delivers our richest ever audio-visual entertainment. To enhance the in-car experience, Touch Pro offers customisable homescreens and fast response times as well as voice control. Multi-tasking is also made easy thanks to the Interactive Side Panel.

INTERACTIVE DRIVER DISPLAY

The 31.24 cm (12.3) high-definition Interactive Driver Display can receive and project a vast amount of driving information, entertainment and active safety data including navigation, phone and media. Its high resolution ensures the utmost clarity and its refined processing engine delivers smooth moving pin sharp graphics. To help you find your way more easily, the Navigation Pro enables you to display full screen navigation with 3D mapping.

InControl features, options and their availability remain market dependent - check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

CONNECTIVITY

InControl is Jaguar's suite of standard and optional features that connects you to your vehicle and links you seamlessly, and securely, with the outside world. There are a range of packs and options available to choose from. With a selection of apps, even when you're away from your car, some of the InControl features stay with you, making sure the Jaguar experience is more enjoyable than ever.

STANDARD FEATURES

PINPOINT TOUCH CONTROL

Pinpoint touch control allows you to interact with information swiftly. The Touchscreen responds in the same manner as a smartphone or tablet computer, providing multi-touch gestures such as pinch-to-zoom and swipe.

PERSONALISED HOMEPAGE

You can set up your homescreens the way you want them. With over 60 shortcuts and widgets, you can customise your system around the features you use most.

INTERACTIVE SIDE PANEL

A choice of side panels means you can multi-task. For example, your main screen area can be used for navigation, while the side panel provides phone controls. Simply swipe up and down to switch between multiple panels.

MULTIMEDIA

Enjoy a range of multimedia features on the Touchscreen. Connect your device and see details of playlists and music displayed by artist, album and genre.

ENHANCED PHONE INTERFACE

Making it easier and safer, you can call a favourite contact with a single touch. Additional functionality includes direct access to voicemail, conference calling and homescreen integration.

VOICE RECOGNITION SYSTEM

Understands clear spoken instructions, so you can concentrate on the road ahead without any distractions.

NAVIGATION PRO

Navigation Pro allows you to save your favourite places, use swipe and pinch-to-zoom gestures for simple map exploration and display a choice of either 2D or 3D crystal clear map graphics. Navigation Pro functionality is further enhanced by Connect Pro.

CONNECT PRO

Connect Pro consists of InControl Apps, Remote Premium, a 4G Wi-Fi Hotspot, and Pro Services. It's designed to enhance your in-car and out-of-car experience, ensuring you and your passengers enjoy the journey whilst remaining connected to the world.

INCONTROL APPS

Jaguar InControl Apps technology allows vehicle-optimised apps on your Android™ or Apple® smartphone to be controlled through the vehicle's Touchscreen, including contacts, calendar and music player via a USB cable. You can also download third-party apps offering a range of services.

4G Wi-Fi

The 4G Wi-Fi Hotspot provides in-car access to the Internet, enabling up to eight wireless devices to be used simultaneously in the car. Passengers can connect through the vehicle's wireless network to surf, work, update social media and stay entertained throughout the journey.

InControl features, options and their availability remain market dependent - check with your Jaguar Retailer for local market availability and full terms. Information and images displayed in relation to the InControl technology, including screens or sequences, are subject to software updates, version control and other system/visual changes depending on options selected. Mobile network connectivity cannot be guaranteed in all locations. InControl Apps will need to be downloaded from the Apple/Play Store. All in-car features should be used by drivers only when safe for them to do so. Drivers must ensure they are in full control of the vehicle at all times.

PRO SERVICES

- **Real Time Traffic Information** – Uses live traffic data feeds to give you the most accurate picture of what the traffic is like on the way to your destination.
- **Planning Routes and Door-to-Door Routing** – Before setting off, use the Route Planner app or online portal to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle's navigation screen. Once you've parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transport options.
- **Share ETA** – You can share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you're running late, Share ETA can then send automatic updates via text messages or email, without any further action from you.
- **Satellite View** – When you want to get the context of your surroundings from overhead, simply switch to satellite view.
- **Commuter Mode** – Allows the system to learn your commutes and automatically advises you of the expected journey time based on live and historical traffic movements without you having to input a destination. The system learns the routes you take for a given destination and then advises which of those is the quickest. The feature can be turned on and off dependent on driver preference.

AUDIO

A vehicle's cabin is the ideal place within which to experience your personal choice of music and Jaguar F-PACE has the audio system to bring your music to life:

MERIDIAN™ SOUND SYSTEM

Great definition, crystal clear highs and full, deep bass – delivered through the careful arrangement of ten speakers and a dual channel subwoofer.

MERIDIAN

Formed in 1977 in Cambridgeshire, England, Jaguar's audio partner Meridian has pioneered many firsts including active speakers and the world's first digital surround sound processor. Meridian's audio technology input has helped ensure that Jaguar F-PACE is the most superb space within which to experience sound. Meridian Cabin Correction technology was utilised to analyse cabin shape, acoustics and resonance characteristics in order to help remove unwanted sounds. The advanced algorithm ensures that the rhythm, punch and timing of any piece of music are heard precisely how the artist intended, providing a consistently exceptional quality audio experience for all passengers in the vehicle.

DIGITAL SIGNAL PROCESSING

Brings all elements of the audio system together as one, for performance that would otherwise require significantly larger speakers.

MERIDIAN CABIN CORRECTION

The advanced algorithm of Meridian's Cabin Correction tailors the sound experience to the precise acoustics of F-PACE's interior.

MERIDIAN DIGITAL DITHER SHAPING

To maintain the quality of musical recordings, they are converted into a common digital format. Meridian Digital Dither Shaping ensures that digital signal conversions are made smoothly and seamlessly, preserving the finest details of the audio performance. The result is authentic musical conversion, evoking the emotions of the original recording.

	UNIQUE MERIDIAN TECHNOLOGY	SPEAKERS + SUBWOOFERS	W
MERIDIAN™ SOUND SYSTEM	  	10 + 1	380

Meridian is a registered trademark of Meridian Audio Ltd.
Trifield and the "three fields" device is a trademark of Trifield Productions Ltd.
Features and their availability may differ by vehicle specification and market.

SAFETY AND EFFICIENCY DRIVER ASSISTANCE

MAKING DRIVING EASIER AND SAFER

From negotiating city traffic or the motorway, to providing additional safety for you and your passengers, there's a wealth of innovative technologies available as standard. You'll find every single feature has been designed and engineered to heighten your enjoyment of the vehicle.

STANDARD FEATURES

Front and Rear Parking Aids make manoeuvring even easier. Sensors located in the front and rear bumpers are activated manually, or when reverse is selected. As you park, the Touchscreen display and audio feedback indicates how close you are to obstacles.

Cruise Control and Speed Limiter allows the driver to maintain the current speed of the vehicle without the need for continued use of the accelerator pedal, helping to reduce driver fatigue. In addition, the Speed Limiter will also allow the driver to pre-set a maximum specified speed which the vehicle will not exceed. Both functions can be easily turned on or off by the driver as desired.

Driver Condition Monitor detects if you're starting to feel drowsy by monitoring steering inputs, brake and throttle pedal activity to give you an early warning when you need to take a break.

Lane Keep Assist detects when your vehicle is unintentionally drifting out of your lane, and gently steers you back.

Rear Camera provides improved visibility when reversing. Static lines representing the vehicle's outer perimeter and predicted path are superimposed on the rearward image displayed on your Touchscreen.

STANDARD PACK

PARK PACK

Park Pack enables you to park and manoeuvre safely and securely in and out of tight spaces and into traffic that is obscured by buildings or other vehicles. It features:

Park Assist makes parallel and perpendicular parking easier than ever by steering your vehicle into a suitable space. Selecting the appropriate gear, you only have to control the vehicle's speed with the brake and accelerator pedals. Steering will be done automatically by the car. Graphics and notifications guide you through the manoeuvres. Park Assist will also steer you out of a space, taking all of the stress out of parking.

360° Parking Aid gives you complete confidence when manoeuvring in tight spaces. Sensors located around the car are automatically triggered when Reverse is selected, or can be manually activated, with a graphic appearing on the Touchscreen showing an overhead view of the vehicle. As you park, the Touchscreen display and audio feedback indicates how close you are to obstacles.

Park Assist

EFFICIENT TECHNOLOGIES

ADVANCED AERODYNAMICS

F-PACE's aerodynamics are developed and optimised with the aid of Computational Fluid Dynamics analysis.

LIGHTWEIGHT MATERIALS

At every stage of the development process, engineers maximised weight saving across all the car's elements. This produces an optimum balance between best performance and weight saving for greater efficiency.

STOP/START

All F-PACE's engines are available with Stop/Start. It shuts down the engine when you come to a complete halt and restarts the engine immediately when required, helping to save fuel, especially during urban driving.

ECO MODE

Eco Mode encourages fuel-efficient driving by reducing throttle sensitivity, selecting more economical engine mapping and, on manual vehicles, advising of gear shifts. It also reduces fuel consumption by minimising the energy demands placed on the engine by climate control and audio systems. A display on the Touchscreen helps you by providing vehicle data and driving tips.

SUSTAINABLE CONSTRUCTION

The aluminium alloy used for much of F-PACE's construction is from a high level of recycled aluminium. Using significantly less energy than primary aluminium to produce, it minimises F-PACE's environmental impact.

LOW-FRICTION TECHNOLOGIES

The Ingenium engine range uses smart coating technologies on pistons, needle roller bearings and other mechanical parts. This helps to reduce friction, especially at low engine temperatures, so the car performs at its efficient best.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

To find out more about the full range of Retailer fit Jaguar Gear Accessories, please refer to your Retailer or go to accessories.jaguar.com/in/en

Ski/Snowboard Holder* C2A1538

A safe and secure Jaguar branded system for transporting winter sports equipment. Incorporates slider rails for easy loading. For four pairs of skis or two snowboards.

*Requires roof rails and roof cross bars.

VEHICLE SHOWN: F-PACE R-SPORT IN FIRENZE RED WITH OPTIONAL FEATURES FITTED

Personalised Illuminated Sill Treadplates
T4A5869PVJ - Jet

Elegantly styled stainless steel sill treadplate finishers for driver or passenger doors. Illuminates when either the driver or passenger doors are opened. Highlighted by soft Phosphor Blue lighting. Allows you to specify a monochrome 'motif' in a choice of approved typefaces/scripts.

Union Jack Sill Treadplates
T4A5867PVJ - Jet

Elegantly styled stainless steel sill treadplate finisher for driver or passenger doors featuring a distinctly British design.

Click and Play - iPad® 2-4
J9C2163

Click and Play is a removable tablet holder attachment which is available for various tablets, and can be easily positioned in multiple angles for in cabin comfort and rear entertainment.

Click and Hang
J9C2167

Click and Hang is a removable coat hanger allowing for shirts and jackets to be kept crease-free whilst transporting.

Central Armrest Chiller / Warmer
T2H7739

Food and drinks chiller and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family.

Aluminium Gearshift Paddles
T2R6547MMU

Replacement steering wheel gearshift paddles offered in a premium aluminium material providing a high quality finish to a key contact point in the vehicle. Manufactured from billet machined aluminium, the paddles are hand brushed for a premium finish and anodised to ensure they will not deteriorate with wear.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

 Configure your vehicle at jaguar.in

Carbon Fibre Side Power Vent
T4A12419 - Left Side
T4A12418 - Right Side

High grade Carbon Fibre side power vents provide a performance-inspired styling upgrade.

Gloss Black Side Power Vent
T4A4307 - Left Side
T4A4304 - Right Side

Gloss Black side power vents provide a dynamic exterior styling enhancement.

Wind Deflector
T4A7371

Simple to fit and remove, these wind deflectors will add to front seat passenger comfort by allowing air to circulate the cabin whilst reducing draughts and preventing rain from entering the vehicle. Kit includes two front and two rear deflectors.

Carbon Fibre Mirror Cover
T4A7226

High grade Carbon Fibre mirror covers provide a performance-inspired styling upgrade.

Gloss Black Mirror Cover
T4A12007

Gloss Black mirror covers accentuate the dynamic design of the exterior mirrors.

Chrome Mirror Cover
T4A7131

Chrome mirror covers accentuate the stylish design of the exterior mirrors.

Electrically Deployable Side Steps
T4A12783 - Left Side
T4A12780 - Right Side

These smart, practical steps make it easier to get in and out of the vehicle and improve access to the roof. Neatly stowed under the sills, the side steps automatically deploy as soon as the door is opened. They stow automatically when the door is closed.

Fixed Side Steps
T4A11848

The side steps aid entry and exit to the vehicle and improve access to the roof. Design features Jaguar branding and includes a Bright Stainless Steel edge trim and a rubber tread mat, to complement the vehicle's exterior styling cues.

Bright Side Tubes
T4A11579

Highly polished stainless steel side tubes complement the vehicle's exterior style.

Front Splash Guards
T4A12742

Jaguar branded, front splash guards complement the lines of your vehicle and provide protection from dirt and stone chippings.

Rear Splash Guards
T4A12743

Jaguar branded, rear splash guards complement the lines of your vehicle and provide protection from dirt and stone chippings.

Tow Bar Mounted Cycle Carrier
C2Z22695 - Two Bike Carrier
C2Z22697 - Three Bike Carrier

Premium tow ball mounted cycle carriers provide a convenient bike carrying solution with quick release loading attachments and secure locking mechanism. Clever design allows carrier to be tilted away from vehicle when fitted allowing access into the rear tailgate.

6 CHOOSE YOUR JAGUAR GEAR - ACCESSORIES

 Configure your vehicle at jaguar.in

Luggage Compartment Rubber Mat¹
T4A16371

This premium mat is tailored specifically to protect the luggage compartment. Light and durable, it is easily removable for cleaning.

Premium Luggage Compartment Carpet Mat¹
T4A4217

Luxurious soft luggage mat in Ebony with the Jaguar logo. Deep premium 2 050 g/m² pile with Nubuck edging and Dove contrast stitch.

Luggage Compartment Partition Net
T4A8449

Convenient partition net fitting to luggage compartment D-loops and fixings in roof lining.

Luggage Compartment Partition - Divider²
T4A11741

Offered as an addition to the full or half height luggage compartment partition to separate the loadspace into two sections across the width of the vehicle.

Pet Pack with Rubber Loadspace mat³ T4A16371 and Loadspace Partition Full Height T4A11739

Combines the loadspace rubber mat with the full height partition, to protect both your vehicle and your pet. The rubber mat is waterproof, protecting the vehicle's loadspace floor carpet. The full height partition prevents access to the passenger compartment, while safely containing and protecting your pet.

Bumper Protector
T2H7950

Convenient pull out protector provides protection for the rear bumper from scratches and scuffs, helping to prevent clothing from collecting dirt from the bumper during loading/unloading. Manufactured from a robust fabric material the bumper protector has been designed to concertina into the space under the luggage compartment floor for stowage.

¹Not available with full size spare wheel.

²Not compatible with rear loadspace cover, rubber loadspace liner and not available for vehicles with full size spare wheel.

³Pet Pack can be fitted with either rubber liner (T4A5569) or rubber mat (T4A16371). ⁴Requires roof rails. ⁵Requires roof cross bars.

Roof Cross Bars⁴⁵
T4A13875

Jaguar branded cross bars required for fitting all roof carrying equipment. Engineered specifically for your vehicle.

Ski/Snowboard Holder⁴⁵
C2A1538

A safe and secure Jaguar branded system for transporting winter sports equipment. Incorporates slider rails for easy loading. For four pairs of skis or two snowboards.

Watersports Carrier⁴⁵
C2Z21730

A versatile system for transporting a variety of water sports equipment including surfboard, kayak or sailboard. Tilts to facilitate loading/unloading.

Roof Luggage Box⁴⁵
C2C41628

Spacious 410 l capacity lockable roof luggage box, measuring 175 x 82 x 45 cm.

Roof Sport Box - Large⁴⁵
T2H7753

Power-click quick mounting system with integrated torque indicator for easy and secure fixing with a single-handed grip. The 430 l large roof sport box opens from both sides with handles on the lid and inside the box, for convenient fitting, loading and unloading. Gloss Black finish and lockable for security.

UV Sunshade - Front Windscreen
T4A4216

Tailor-made for the F-PACE windscreen and features Jaguar branding. Reflects the sun's rays and helps to keep the interior of the vehicle cool.

SPECIAL VEHICLE OPERATIONS

Special Vehicle Operations (SVO) designs and engineers products that amplify Jaguar and Land Rover core brand values; focusing on luxury, performance and capability.

Our team of specialists is completely focused on enhancing and personalising our relationship with our most discerning and enthusiastic customers – delivering experiences that our customers will love for life.

SVO is responsible for the creation of a suite of halo products that showcase the pinnacle of Jaguar design and engineering capabilities, enabling our customers to indulge their passion for spectacular new vehicles.

THE NEW SVO TECHNICAL CENTRE

In the heart of the British Midlands is SVO's brand new Technical Centre. This state-of-the-art facility represents a £20 m investment by Jaguar Land Rover, and features four zones designed to support the creation of truly breath-taking vehicles. In addition to the Commissioning and Presentation suites, our manufacturing centre is responsible for the assembly and hand-finishing of SVO halo and Collector's Edition vehicles, and a world-class paint facility ensures an exquisite finish for every car we create.

BESPOKE BY SVO

Bespoke by SVO was born out of an innate understanding of what our most discerning clients value more than anything else – to own something completely unique to them. Something only they can have, reflecting who they are and what they hold most dear. With that in mind, SVO developed innovative Commissioning and Presentation suites enabling creation of the most refined and luxurious vehicles in the world. This special new facility is housed within the new SVO Technical Centre in Warwickshire, England.

THE WORLD OF JAGUAR

Choose F-PACE and you're joining the exciting World of Jaguar.

TRACK DAYS

There's no better way to get to know Jaguar than by taking a drive. The Jaguar Experience offers a range of unique opportunities to really find out what it feels like to get the most out of a Jaguar. Our track experiences allow you to push yourself and cars from the incredible Jaguar range to the limit.

Find out more by visiting jaguar.in/experience-jaguar

BEHIND THE SCENES

Our factory tours give you the unique opportunity to experience the whole process of how our cars are brought to life – from the moulding of sheet metal to those intricate final touches. At our state-of-the-art production facilities, you'll get to see how skilled technicians and sophisticated machines work seamlessly together to perfect some of Jaguar's most breathtaking cars.

Find out more at jaguar.in/experience-jaguar/factory-tours

ICE DRIVE EXPERIENCES

Take your driving to the next level with the Jaguar Land Rover Ice Drive Experience. Since 2017, we have been offering an adventure in Arjeplog, Sweden, that will test and develop your performance driving skills in extreme conditions. It's a rare chance for owners and enthusiasts to tackle some of the harshest and most challenging tracks on earth, under the skilled guidance of our experts. Our driving instructors are of the highest calibre and will be with you every step of the way – ready to impart years of driving wisdom. You will dance on ice, glide around some of the most awe-inspiring corners imaginable and realise the true exhilarating potential of Jaguar and Land Rover.

If you'd like to be part of the next adventure, find out more by visiting jaguar.in/experience-jaguar

FORMULA E

Jaguar's reputation for performance, technology and design was forged by the world's most challenging circuits and championships. From Le Mans to Formula 1, and now Formula E, the grid is our test-bed. Formula E provides the perfect proving ground for electric vehicle technology in a high performance environment. The racing series accelerates the development of Jaguar's electric powertrains. With every race, Formula E helps Jaguar engineers create better electric vehicles.

Find out more by visiting jaguar.in/jaguar-racing

JAGUAR COLLECTION

The latest range from the Jaguar Collection has been crafted with the same design execution and attention to detail that goes into all of our cars. This is evident in our clothing range, premium leather items and luxury travel goods. To celebrate Jaguar's heritage, we also have a collection that honours past achievements and features race inspired gift items and apparel.

To find out more, visit the online shop at jaguar.in/branded-goods/index

THE JAGUAR MAGAZINE

This is our own vibrant, cosmopolitan and contemporary magazine. Produced by a team of enthusiastic designers and feature writers, it goes behind the scenes at Jaguar as well as providing insight into the world of luxury, design, style and travel. You can enjoy Jaguar Magazine twice a year completely free of charge for the first three years. Ask your local Jaguar Retailer to ensure that you receive your copy.

AT YOUR SERVICE

As well as providing a range of exclusive services and lifestyle products, the World of Jaguar makes owning and driving carefree and easy.

GENUINE PARTS

Jaguar Genuine Parts are designed, tested and manufactured to our uncompromising standards for quality, fit and durability. Each part is engineered specifically for your F-PACE to contribute to optimum performance and to help maximise its lifespan.

FLEET & BUSINESS

Jaguars are dynamic and distinctive cars that help companies express the unique character and personality of their business. We are committed to providing customer-focused aftersales services, ensuring that every Jaguar performs to the highest standard and in the most cost-efficient way for businesses.

Visit jaguar.in/fleet-and-business for more information.

JAGUAR ASSISTANCE

Jaguar Assistance provides assistance in motoring emergencies, from immobilisation due to breakdown or accident to minor problems such as punctures. You can rely on our roadside assistance, whatever the situation, wherever you happen to be.

JAGUAR FINANCIAL SERVICES

New or used, for personal or business use, we have a finance option that puts you in complete control. Please speak to your local Jaguar Retailer to find out more.

INSURANCE

F-PACE's key components are easily accessible for time-efficient service and repair costs. With a focus on lower repair costs, F-PACE delivers competitive insurance group ratings. To find out more about the compelling business case for F-PACE, please contact your local Jaguar Retailer.

IMPORTANT NOTICE

Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. While every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and Retailers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation. Comparisons are based on manufacturer's own data and testing prior to publication.

COLOURS

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Jaguar Retailer. Distributors and Retailers are not agents of Jaguar Land Rover Limited and have absolutely no authority to bind Jaguar Land Rover Limited to any express or implied undertaking or representation.

ENVIRONMENTAL INNOVATION AT JAGUAR

Jaguar is committed to reducing dependency on fossil fuels, using fewer natural resources and creating less waste as part of our approach to responsible and sustainable business development.

Search 'Jaguar Environmental Innovation' for more details.
