PRESENTING THE

MARAZZO

The Marazzo reflects a new-age design language from Mahindra with its unique and distinctive **shark-inspired design**. Right from its streamlined body and shark-teeth like front grille, to its tail lamps.

The Marazzo has been co-designed by the **Mahindra Design Studio** and the legendary **Italian design house, Pininfarina**. It has been engineered in collaboration with **Mahindra North American Technical Center** and **Mahindra Research Valley, Chennai**, making the Marazzo a globally developed product.
