safety by design

Kwid is fully equipped with standard safety features like ABS and EBD with brake assist, seat belt reminder, overspeed alert, and reverse parking sensors to keep you protected at all times.

dual airbags

Our vision for your well-being goes beyond the basics. Under the Human First program, Kwid is equipped with the latest safety technologies like hill start assist (HSA), traction control system (TCS), electronic stability program (ESP), and tyre pressure monitoring system (TPMS).

defines pure class

Kwid doesn't flow with the ordinary. Popularised as the style icon of the Renault family, this SUV-inspired hatchback flaunts a chiselled body and sleek styling.

Modern signature lighting, dual tone finish and bold elements further accentuate the stunning profile of Renault Kwid.

a new level of convenience

The goal is to make every drive effortless and entertaining for the new generation. And with a line-up of the smartest features in the house, Kwid does just that.

dual tone interiors with day & night adjustable IRVM

Innovation excites us. Bring every drive to life through a 20.32 cm touchscreen mediaNAV (with Android Auto/Apple CarPlay compatibility), a fully digital cluster, and hands-free calling.

born to perform

The responsive and agile nature of Kwid can take on the urban roads with ease. Its Smart Control efficiency (SCe) technology monitors accurate air-to-fuel ratio to strike a balance between optimum power and lower emissions.

You get a smartly calibrated suspension system and traffic assist function alongside a three-mode AMT dial for seamless drives. All of this, topped with a high-performant 1.0L engine.
