MyŠKODA ConnectED

The inbuilt connectivity mobile online services can be accessed at any time via the MyŠKODA ConnectED app. The app displays a clearly laid out Vehicle Health Report on the smartphone. The system automatically stores important data every time the ignition is switched off. Remote vehicle access is also available, which allows owners to retrieve vehicle information and driving data, including the car's parking location.

Track Your Car

Keep an eye on your car's location from your home or office and stay informed when someone is driving your car.

Real-time Speed Tracking

Monitor the real-time driving speed.

Geofence Breach Notification

Add a geofence for your car and get alerts when the boundary is breached.

Roadside Assistance

Get roadside services like flat tyre repair, battery jump-start, refuelling, towing and a lot more.

Device Tampering Alert

Stay alert with prompt notifications on Device Tampering.

Driving Behaviour

Get real-time information on driving behaviour, e.g., harsh braking, sharp turns, overspeeding and rapid acceleration.

Walk to Car

Locate your car quickly in big parking lots or crowded areas.

Route Tracking/deviation Alert

Live track the travel route taken by your family and get quick deviation alerts.

SOS (Emergency Sms with Location)

Long press the SOS button to send an emergency SMS to your contacts with your location.

Tow Alert

Get an alert in case your car is being towed away.
