NEXON *EV* MAX
MOVES YOU TO THE MAX

**EVO*LVE* TO
ELECTRIC**

POWERED BY

ZIPTRON
Advanced Electric Drive Experience

Higher Range - 437[#]km

Drive to the MAX on a single charge with the enhanced range of the Nexon EV MAX.

Bigger battery capacity

Enjoy long uninterrupted drives with the Nexon EV MAX's large 40.5 kWh, and IP67 rated high energy density li-ion battery pack with 33% higher capacity.

RANGE MAX

Now access a longer driving range on a single charge. The powerful Nexon EV MAX is built to go the distance with you.

Multi-Mode Regen

Maximise efficiency and range by choosing between four pre-set levels of regenerative braking, based on your driving style or traffic situation.

EASE MAX

Charging the Nexon EV Max is as hassle-free and effortless as driving it. Enjoy the ease that comes with multiple charging options, and choose the one that's best suited to what you need in the moment.

7.2 kW AC Fast Charger

Charge your Nexon EV MAX seamlessly at home with an integrated charging gun (7.2 kW) that refills your battery overnight. The charger's appealing aesthetic and user-friendly nature makes for a truly seamless charging process. It comes with a RFID card for quick charging authorisation and LED illumination to help users easily identify different states of charging.

DC Fast Charging in 56* minutes

You can also power up and charge your Nexon EV MAX with DC fast charging. Now go easily from 0% – 80% in just 56* mins.

Widespread Charging Network

Access a rapidly increasing charging network of 1,300+ charging stations across 200+ cities as the EV revolution continues to gain momentum day by day. And finding the nearest charging station is really simple with the help of the ZConnect app.

Portable Charging Cable

Charge up anytime, anywhere with the Nexon EV MAX's portable charging cable, which can be plugged into any 15A socket.

Hill Hold Assist

The Nexon EV MAX's intuitive Hill Hold Assist senses gradation and holds for 2 seconds when you stop on an incline, offering you more time to control your SUV.

Hill Descend Control (HDC)

The HDC systems help control the Nexon EV MAX's speed on slope declines, leaving you to focus on steering your vehicle.

SAFETY MAX

Safety is at the centre of what we do. That's why the Nexon EV Max comes loaded with a range of active and passive safety features. These intuitive and innovative additions are what make the Nexon EV MAX excel in the safety domain.

All Four Disc Brakes

Get MAX control with front and rear wheel disc brakes which increase braking efficiency, giving you more control.

Panic Brake Alert

Any time you brake hard in an emergency, the system triggers the Hazard lamps, alerting fellow motorists to improve their response time.

ESP® with i-VBAC

As you drive off to new destinations, the Nexon EV MAX's ESP® (Electronic Stability Program) helps keep you on course. It works with the innovative i-VBAC (Intelligent Vacuum-less Boost & Active Control) system to reduce stopping distances by improving brake dynamics.

IP67 Rated Battery Pack and Motor

Powered by state-of-the-art Ziptron technology, the reliable IP67 rated battery pack comes with high standards of ingress protection, making it shock, water, and dust resistant.

Auto Vehicle Hold (AVH)

AVH comes into play during the stop-and-go conditions of city roads, as well as on inclines. It maintains brake pressure even after your foot is off the brake, providing convenience and assurance, as well as reducing driver fatigue.

ABS with EBD and BA

Take charge of the road with all the control that comes with the Anti-lock Braking System with Electronic Brake-force Distribution and Brake Assist.

ISOFIX Anchorage

The Nexon EV MAX comes with a pre-installed ISOFIX anchorage for child seats. So, you can enjoy peace of mind as you drive.

Dual front airbags

The Nexon EV MAX comes with dual frontal airbags as standard across all variants.

Fortified Cabin

The Nexon EV MAX's high-strength reinforced steel structure absorbs impact energy, providing comprehensive safety to its occupants.

Max out performance

The Nexon EV MAX is quick off the mark and gets your heart racing by accelerating from 0-100 km/h in under 9[^] seconds. Enjoy electrifying long drives with an enhanced top speed of 140 km/h.

PERFORMANCE MAX

Experience electrifying performance with Nexon EV MAX.
Savour the thrill of electric, coupled with an indulgently smooth driving experience.

Refined Suspension System

Find the right balance between superior handling and exceptional comfort with the refined suspension system of the Nexon EV MAX.

Big on power & torque

Harness the power of MAX with an output of

143 PS and 250 Nm

of instant torque.

Multi Drive Modes

Explore the versatility of Nexon EV MAX by accessing multiple drive modes. Whether you're cruising comfortably or enjoying a more exhilarating drive, customise your experience by switching between the Eco, City and Sport Modes.

Dual Tone Body Colour

The all-new signature Intensi-teal body colour with Daytona Grey roof, simply adds to the electrifying aura the SUV emanates.

DESIGN MAX

Command attention on the road with a design that's equal parts bold and sporty. The Nexon EV MAX's design prioritises form and function equally with cleverly integrated features.

R16 Diamond-Cut Alloy Wheels

The Nexon EV MAX's R16 Diamond-Cut aerodynamic Alloy Wheels give it a sharp and striking appearance, making it stand out wherever it goes.

EV Badging

Support sustainable mobility by sporting your green credentials with the EV signature Badging.

Front DRLs

Tri-arrow DRLs accentuate the headlights, giving the Nexon EV MAX an elegant and compelling presence.

Grand Console with Rear AC Vents

Nexon EV MAX's Grand Console enhances cabin aesthetics and adds to the luxurious feel of its interiors. Additionally, the rear AC vents ensure that passengers in the back stay as cool and comfortable as you do.

Ventilated Leatherette Seats

The Nexon EV MAX comes with front ventilated plush leatherette seats. This helps maintain a comfortable seating temperature, regardless of the weather outside.

LUXURY MAX

The Nexon EV MAX is an ode to premium tastes and exceptional standards. Experience opulence like never before with the maxed-out luxury quotient of this electric SUV.

Electric Sunroof

Make your journeys more scenic, and even soak in a bit sun while you're at it with the Nexon EV MAX's electric sunroof.

Jewelled Control Knob

Add a touch of opulence to your drives with the new state-of-the-art, tri-arrow patterned Jewelled Control Knob. Its advanced digital display makes readability much easier.

Elegant Cockpit Design

A combination of spacious cockpit design and sophisticated Makarana Beige interiors add a rich plush feel to the already electrifying Nexon EV MAX.

Air Purifier

Breathe easy and effortlessly with an Air Purifier that's designed to keep cabin air quality levels in check.

Cooled Glove Box

The Nexon EV MAX comes with a multi-utility cooled storage unit that keeps things fresh and cool. It's a great place to store cool drinks on a hot day.

i-TPMS

Keep a check on your tire pressure at all times with the i-TPMS (Indirect Tire Pressure Monitoring System). Get alerts when your car is low on tire pressure through an easy display indicator on the digital instrument cluster.

CONVENIENCE MAX

The Nexon EV Max comes with a range of features that add tons of convenience to an already amazing driving experience. Witness convenience pushed to the max.

Cruise Control

Make driving long trips practically effortless with the Nexon EV MAX's handy Cruise Control feature.

Ergonomic Boot Space

The Nexon EV MAX's 350 litres boot space (expandable up to 690 litres) is large enough to carry everything you need and then some, especially for your longer trips.

Electronic Parking Brake

While the Nexon EV MAX's Electronic Parking Brake functions automatically, it can also be manually engaged and disengaged with a switch mounted on the center console. Experience control to the max.

TECHNOLOGY MAX

This SUV is engineered for the new-age world. The Nexon EV MAX's advanced new-age technology creates a driving experience that you won't soon forget.

Auto Dimming IRVM

Make your drives easy on the eyes. No matter where you go, the Electro Chromatic Inside Rear-View Mirror detects the brightness of on-coming lights and dims the reflecting light accordingly.

Harman™ Infotainment System

Max out your entertainment with the immersive surround sound and Floating Dash-top (17.78 cm) touchscreen of the 4-speaker + 4-tweeter Harman™ Infotainment System. With it, you can also seamlessly connect your mobile device with Apple Car Play™ & Android Auto™.

Wireless Smartphone Charger

While you're in charge of the wheel, the Qi® certified wireless charger ensures that your mobile device stays charged at all times.

ZIPTRON

Advanced Electric Drive Experience

Experience technology that moves you to the MAX. Our state-of-the-art high voltage ZIPTRON EV Architecture inspires confidence and provides a sense of reliability, even on the toughest of roads.

Ziptron EV Architecture

8 YEARS/160,000km
BATTERY AND MOTOR WARRANTY**

**whichever is earlier

Motor

Tap into a zippy and electrifying driving experience powered by the Permanent Magnet Synchronous Motor with a peak output of 143 PS & torque of 250 Nm.

Power Electronics

Witness the sheer brilliance of ZIPTRON technology's consistent performance and durability across a wide range of operating temperatures.

Battery

Access an enhanced range and more efficiency with the higher battery capacity of the high energy density 40.5 kWh li-ion battery with IP67 rating.

ZCONNECT

Access a total of 48 smart features with the ingenious Tata Motors ZConnect App.

CONNECTIVITY MAX

Stay connected to your SUV, no matter where you are.

SMART WATCH INTEGRATION

Switch your car on, or simply lock and unlock it with just a tap on your smart watch.^^

ONE-CLICK TRACKER

Know where your Nexon EV MAX is parked when it is difficult to locate.
