# ENGINE AND TRANSMISSION

## POWER TO GO FURTHER.

At the centre of the machine lies the revolutionary 1.2L TSI engine. Giving you 105 PS of raw power and 175 Nm of torque. But, what really outclasses the masses is the first-in-class 7-speed automatic dual-shift gearbox<sup>1</sup>, which ensures a smoother drive as the engine effortlessly switches gears.

And if diesel is your preferred choice of power, we also have the mighty 1.5L TDI engine with the same 7-speed automatic DSG transmission. More importantly, with a fuel consumption of 18.19 kilometres/litre (TSI) and 22.15 kilometres/litre (TDI), it gives you maximum power with minimum consumption.

Also available in a 1.6L petrol MPI engine.

# SAFETY

## EVERY DIFFICULT ROAD IS STILL THE SAFEST ROAD.

Safety has always been an integral aspect at Volkswagen and is central to the Volkswagen Vento.

The Electronic Stabilisation Programme<sup>4</sup> (ESP), with Anti-lock Braking System<sup>3</sup> (ABS) will make sure you're in firm control on slippery roads or during heavy braking. On facing a steep incline, the Hill-hold<sup>5</sup> function will prevent the car from rolling backwards. The anti-pinch technology<sup>6</sup> will stop the windows from closing, on sensing even the slightest obstacle. Being equipped with dual front airbags<sup>2</sup> as standard, rear parking sensors as well as a reverse parking camera<sup>1</sup>, we make sure safety is an all round affair. And to always keep the car with its beloved owner, the Volkswagen Vento has an electronic immobiliser anti-theft device as standard.
